Technical Proposal for Capacity Building Training

Submitted to: The International Committee of the Red Cross (ICRC)
Submitted by: Tamkeen International
Date: 23rd August, 2025

Introduction:

This training program equips staff in Benghazi, Al-Kufra, and Derna with essential skills in training delivery, data management, Microsoft Suite, data collection, and crisis management, enabling them to work efficiently, manage and analyze data accurately, and support evidence-based decision-making

Training Objectives:

- Improve proficiency in Microsoft Suite (Word, Excel, PowerPoint, Outlook)
- Develop skills in systematic data collection and recording
- Build capacity in data cleaning, analysis, and reporting
- Enhance data visualization and presentation skills
- Strengthen understanding of crisis management practices

Target Audience: Benghazi, Al-Kufra and Derna staff

Training Duration: 6 days per course (4 hours/day)

Methodology:

- Combination of lectures, hands-on exercises, and group discussions
- Case studies to illustrate challenges
- Practical assignments to reinforce learning

Training Agenda
